- **Butch Rolstad, Director, 544-3570**
- **Brad Rolstad, Director, 849-7565**
- **Steve Ripp, Director, 849-5481**

ANOTHER SUCCESSFUL WINTER LEAGUE AT ROXBURY

After 18 weeks and 27,000 birds, give or take a few, the 2002-2003 Winter League is in the record book. That is, it would be in the record book if we kept an official one, which we don't due to many requests and substantial donations.

For the second half, the mild weather and calm wind conditions unique to the Roxbury Trap Club bowl brought out the best in shooters too numerous to mention. That said, here are a few winners:

Top Men's Score, Brad Rolstad

Top Women's Score, Ellen Raisbeck

Top Junior Score, Darin Ripp

First Place Team, Bob Bristol, Ellen Raisbeck, Dick Magli, Marty Beil, and Frank Sukala

Second Place Team, Rick Richards, J. R. Kendall, Steve Raisbeck, Greg Levernick, and Tom Lange

Third Place Team, Brad Rolstad, Mike Noskowiak, Nick Beil, and Nora Bristol

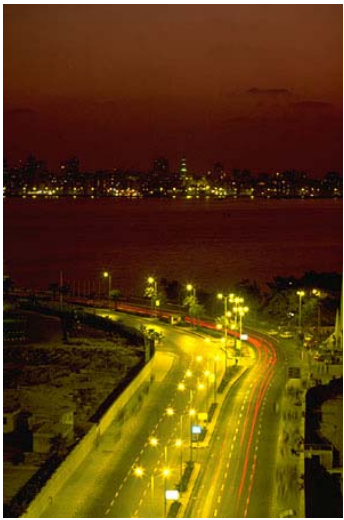

Overall Winners for both halves of the Winter League:

Brad Rolstad, Top Man

Ellen Baisbeck, Top Woman

Darin Ripp, Top Junior

GREAT SHOOTING, ALL!

New entry planned for trap club. See this and other exciting projects that were suggested at the annual meeting and brainstorming session.

WORK DAYS AND CLUB PROJECTS

We have cleanup days scheduled the Saturday before each of our two remaining Chicken Shoots, June 15 and August 17. We tend to start around 9:00 AM and finish in the early afternoon, if we have adequate crew members. Please stop by, even if you can only spare an hour. We really appreciate broad-based help.

You may have noted some changes at the club, for example if you wander into the woman's bathroom. And Glacier Valley Lawn Care now handles the grounds-keeping. We plan to complete some more projects, the first of which will be a deck. Plan to lend a hand on **Saturday, July 12.**

Breakfasts are served every Sunday (some exceptions for holidays) from 7:30 to 10:30 AM. Board members take turns cooking, and we love for other members to volunteer as well. Don't be shy! We'll show you how it's done. Let any board member know if you would be willing to show off your cooking skills.

UPCOMING EVENTS

June 15: The Kippley Shoot, Chicken Shoot and BBQ-Chicken.

Shooting starts at 9:00 AM and goes until we're done (or 9:00 PM).

Always a good time. Come early so you can shoot without waiting.

August 17: The Bruno Shoot, Chicken Shoot and BBQ-Chicken.

Same times, same place and same way to have a great day!

We draw for our raffle prizes starting at 1:00 PM. Tickets are now on sale.

September 17: Club Fun Day.

For paid-up members and their families, our Fun Day includes a Chicken BBQ, a 50-bird shoot for the Club's "Top Gun" and the now-infamous AUCTION.

What record bids will Rita's pies bring this year?

Bid early, often and HIGH!

RAFFLE

Tickets are now available for this year's raffle. Once again we have many nice prizes, including a Beretta 391, and a Savage bolt action rifle in .17HMR. The top 5 prizes have cash options. Tickets are \$1 each or six for \$5.

Contact Brad Rolstad for tickets to sell.

MEMBERSHIP RENEWALS

Our membership renewal date is established by our annual meeting date, which was April 6 of this year.

In order to qualify for the lower price on a round of trap and for participation in our Fun Day activities, we need you to be sure your dues are paid up for 2003-2004. If you got a card saying your dues are paid to

April 30, 2004, you are good to go. If not, come see us soon so that we can claim you as part of our club.

Be sure to let Wally Hansen know if there are any corrections needed for the mailing label that got this newsletter to you.

We are working on transi-

tioning the secretarial duties to a different computer system, and you know the problems that can be associated with that project.

Help us be as accurate as we are good.

ROXBURY TRAP CLUB MOTTO:

**FRIENDSHIP
MARKSMANSHIP
SPORTSMANSHIP**

Think about it!

500-BIRD MARATHON FOR 2003-2004

We've started "The Marathon" for another year. The reason this event began was that we only had competitive shooting for 18 of 52 weeks per year. Plus shooting for score was done without practice and generally in the dead of winter.

We thought it would be

nice to shoot for score in 52 weeks when it was warmer and to practice before shooting for the record. You can shoot up to 3 Marathons per Sunday. An educator (who shall remain un-named) suggested that shooters be allowed to replace their five lowest

scores. All this is now the contest we call "Marathon", running from the 2003 Annual meeting to the 2004 Annual meeting.

Rules, costs and payout possibilities can be found at the clubhouse.

Sign Up & Play!
