The week of July 3rd through the week of August 7.

OTHER EVENTS

Muscoda Team Shoot Labor Day Weekend. The club will be closed.

Greetings from the North Country. Better late than not.

WINTER LEAGUE, 2004-2005

Well, we're off to another entertaining round of RVTC Winter League. We have 12 teams competing in the first half and as usual it's a tight race.

The Golden BB

Roxbury won the competition with the River Club for "The Golden BB Trophy", but I don't think the matter is totally settled.

Individual "Golden BB Awards" went to

SERVING THE TRAP CLUB

Don't limit your thinking! You can think of ways to help with projects that come up, and fortunately a few dozen folks are always there when things need to get done.

BUT there also has to be a board of directors and we need candidates to replace those

who will step down this April. Why? Consider this reality.

Our board directs the club's "purpose" even more than it completes the projects you see and hear about when you visit. Make no mistake, every completed project helps the RVTC operate in a fashion that makes

everyone feel good and take pride in what we can do. But there is even more pride taken in who we are, what we value and what we want for ourselves and others.

We can hire the work done, but we can't hire the guiding force that makes RVTC the kind of club it is. That comes from a board like

The one serving now. If you agree with our "philosophy of doing business" and want to see it continue, then step up because the time is now.

Believe me, the elders will always be there to help you when it's needed and tell you when you've strayed from the true path. We need your new ideas and energy.
